COFFEE COUNTY COURT DOES QUICK WORK

WOULD BE RAPIST BILLED, TRIED AND SENTENCED WITHIN AN HOUR

Night before last a negro entered the bedroom of Mrs. Wise near Ebb, but was frightened away before his designs were carried out. A posse formed and caught him. They guarded him till yesterday morning, when the court, now in session, empaneled a special grand jury, which found a bill against the negro in twenty minutes. A petit jury was given the case and placed a verdict of twenty years in the penitentiary against the negro, and in less than an hour Sheriff Knight had the negro on the train on the way to the penitentiary.

This is the quickest trial known in this section of the state, where all of the forms of the law were regarded.

Circuit court was in session in Coffee county, and no delays were allowed, which probably prevented a mob from taking action the night they captured the negro.

R. A. M. TONIGHT

The Royal Arch degree will be conferred tonight, work beginning at 7:30. All members are requested to meet promptly to give a companion the degree who is leaving the city.

Here it is almost October, and no circus posters up.

TO MAKE MAIN STREET A GREAT WHITE WAY

A movement has been put on foot by Secretary Biggers of the Dothan Commercial Club, and others interested in the move, to make Main street the great white way of Dothan.

The idea is to get the majority of the merchants on this street to erect an electric sign of some nature, which can be done at a comparatively small price, thus making the whole street bright.

Passengers on the night trains of the Central road will have a full view of the "great white way" from the Main street crossing and an impression will be left as when one goes through a large city for the first time.

Nearly every city has a "great white way" from New York down to Montgomery, and if Dothan starts out after one, she will likely get it.

COMPRESS NEGROES IN BLOODY FIGHT

Everett Paul, a negro man employed by the Atlantic Compress Company, was badly cut yesterday afternoon by another negro.

The two negroes were working at the Central press at the time of the difficulty and the fight resulted from an argument between the two about a small matter regarding the press.

The negro man doing the cutting jumped at Paul, stabbing him one time in the neck and then badly cutting his hand. He ran and made his escape. His name could not be learned.

Although the negro received a bad cut and lost considerable blood, Paul walked to town, where his wounds were dressed.

CARROLL IS FREE BY GRAY'S ACT

ACTING GOVERNOR UPSETS ALL PRECEDENTS AND CAUSES GOSSIP

Montgomery, Sept. 30.—Warner Carroll, the young man of Ozark, who was convicted several months ago of seducing a young woman of that city, was granted an unconditional pardon by Governor Henry B. Gray a few minutes after 1 o'clock yesterday afternoon. Papers calling for Carroll's release were sent immediately to Speigners, where Carroll has been held since Wednesday, and today Carroll will be with his friends in Ozark.

The announcement of Governor Gray came as a distinct surprise to capitol officials Thursday afternoon. Upon the representations of a strong delegation of Ozark citizens, a special meeting of the Board of Pardons had considered the Carroll case for some days, and had unanimously recommended that the matter lie in abeyance for the time being. The recommendation of the Board of Pardons was:

"To the Governor:

"There may be a doubt as to the guilt of the applicant of the crime of seduction, but in view of the letter of the trial judge, Hon. A. H. Alston, and the letters of seven members of the trial jury who request that their names be withdrawn from the applicant's petition, the board declines to recommend executive clemency at this time.

Unanimous Recommendation

The recommendation was signed by the full membership of the Board, Col. Alex Garber, Attorney General; Secretary of State Frank N. Julian, and State Auditor W. W. Brandon being the three members of the board.

It is said that the action of Governor Gray upsets all precedent at the state capitol. It has been the custom of the governor to follow the recommendations of the Board in all cases where the petition of the applicant for executive clemency received a unanimous vote of the board. That Governor Gray did not in the Carroll case has occasioned much gossip. Carroll's case first sprang into prominence when a special meeting of the Board of Pardons was called last week to consider the petition for clemency. The petition was backed up with the presence of some of the most influential citizens of Ozark, and the meeting was prolonged for several hours, resulting in the unanimous recommendation of the board.

Carroll Plead Own Case

It is the custom of the board not to make public the result of its deliberations, it being left to the Governor to make known his decision on any matter which is considered by the board. Governor Gray was in Birmingham the day the board considered the Carroll case, and did not return to Montgomery until Wednesday morning.

Wednesday morning Carroll appeared before the governor in person to plead his cause. Since his conviction he had been held at the labor camp in Richburg, in Coffee county, but shortly after his interview with the governor, he was transferred to the state farm at Speigners a short distance from Montgomery.

Papers for his release, it is said, were forwarded immediately to the warden of the Speigner prison Thursday afternoon, and it is probable that Carroll will be in Coffee county on his way there, this morning.

Carroll was sentenced to seven years imprisonment, but he has served only a few months of the sentence.

Brown, the druggist, guarantees ZEMO, a clean, liquid preparation for external use to rid the skin of the germ life that causes the troubles. One application will relieve the itching and often times one bottle is sufficient to cure a minor case of eczema.

ZEMO is recognized as the cleanest and most popular treatment for eczema, pimples, dandruff and all other forms of skin or scalp affections whether on infant or grown person. Will you try a bottle on our recommendation?

REMAINS OF MRS. DEAL BROUGHT TO DOTHAN

The remains of Mrs. Alex G. Deal, who died at her home in Jacksonville, Fla., several days ago, was brought to Dothan last night, via Cottondale, arriving in Dothan over the Bay Line at 7 o'clock.

They were accompanied by her husband, father, G. B. Mansil, and two brothers, Walter and DeWitt Mansil, of this city. The two brothers were on a visit to the family at the time of the death.

Funeral arrangements will be made later, and as the body will be held out until the arrival of her sister, it will likely be several days before the interment will be made.

Besides the members of her family and her husband, Mrs. Deal is survived by two small children.

WANT DOTHAN OFFICER FOR CHIEF OF POLICE

The mayor and two members of the Enterprise board of councilmen were in Dothan yesterday afternoon for the purpose of securing the services of Jack Holland, one of Dothan's policemen, for the chief of their police force.

The gentlemen seemed very anxious to get Mr. Holland and made him a splendid offer, and also assured that house rent there would be free to him.

Mr. Holland has not accepted the offer, but will wait until Monday night to see what action the Dothan councilmen will take in regards to a higher salary.

Mr. John Daniels, of Bascomb, Fla., and Miss Janie Hall, of Cottonwood, an 18 year old couple, were granted marriage license today by Judge Leslie.

BIRMINGHAM MORE THAN TRIPLES SIZE

MAY TAKE THIRD PLACE IN THE LIST OF SOUTH. RAIL CITIES

Washington, Sept. 29.—The population of Birmingham, Ala., is 132,689, an increase of 94,370, or 245.4 per cent over 38,415 in 1900.

Washington, Sept. 29.—Census figures for Richmond, Va., given out by the bureau tonight give that city a population of 127,823. This is an increase of 42,765, or 50.1 per cent, in 1900, when the city's population was 85,050.

Birmingham's increase of 245.4 per cent increase carries away the banner for the nation thus far in the census count. Cities of the east, west, north and south have grown, but none of them have approached that tremendous stride of more than tripling its size. True, Birmingham has taken in the whole neighboring steel district and by this annexation has wiped whole cities and towns from the map of forty square miles. But it is all under one city government hereafter, and since no man can assign arbitrary boundaries to any community it must be all counted as one city.

Gradually the returns come in from the leading cities of the South. And as they come, the shake-up in the old alignment of 1900 continues, till it is on the verge now of completely upsetting the old order of things.

New Orleans, still the largest city of the south, grew from 257,104 to 339,075.

Fair tonight and Saturday.

"But His Wife Looked Back."

But for the above occurrence, Mrs. Lot might have lived to a ripe old age, and comforted her husband.

ed back at the black smoke ris-
ed back at the black smoke ris-
ing from Sodom and Gomorrah,
is not recorded in the Holy Writ,
but we have always had our
suspensions. You see it was early
in the morning, and the bon-ton
from those wicked cities were out
on their morning parades, and
Mrs. Lot might have met, in her
flight, some of the Fifth Avenue
people coming rattling back in
their chariots, and she turned her
head, as all women do, to see how
their dresses fitted in the back.
That cured her of the habit, but
it has been worth nothing to her
sisters. They have been looking
back as they are a well dressed
woman ever since. They had
been back before the destruction
of Sodom and Gomorrah—prob-
ably since Eve fashioned a robe
of fig leaves.

For years and years we have
seen ladies meet on the streets,
and we have always seen one of
the party look back. We have
stopped and looked often, think-
ing that we would be blessed by
seeing both turn and look back
we have neverliage bbbbebeeyse
at the same time. We confess,
we have never witnessed it.
Purely an accident, of course, but
it would be worth years of wait-
ing to see the quick about face,
and the flush on the faces of both
at being caught. Some day we
may be rewarded, and then we
shall be satisfied for our long
years of waiting and watching.

If one of the ladies should hap-
pen to be drawing small express
wagon, or leading a small goat,
then there might be some excuse
for the others to turn and take a
second view, in openmouth won-
der, but these things that children
might be expected to indulge in,
are never practiced by the ladies.

When a lady comes to town she
remembers distinctly what all of
the other ladies wore. Men can-
not tell you what the men they
meet wore. They don't know
whether they wore a coat or not.
All they do remember is that they
had on something. A man walk-
ing the streets barefooted would
hardly get a second look from an-
other man.

Lot had probably warned his
wife that it was bad form to turn
and look back, probably walking
backwards while she looked. His
only consolation was that "I told
you so," which isn't worth much
when one's wife has turned to
salt.

What Could He Say?

"Jim, I'm in trouble, and I
come to you because my old man
has been trading with you a long
time," said a middle aged lady
the other day to a merchant in
Dothan who sells goods to good
people all over this country. "I
want you to tell me what to do."
continued, and I want some
advice."

got drunk. He got into the town
jail, and had to pay some money
out for his cutting up. He stayed
up here two or three days, and
got away and went back home.
He left home with \$75 and when
he got back, he had a nickel. He
didn't know what went with the
money. He knows that he drank
some liquor, and that he was ar-
rested for something, but that's
about all he knows.

The merchant asked the woman
if the boy's father couldn't do
anything with him, but the woman
said the husband and father spent
his money as fast as cotton was
sold, for whiskey and to fishness.
She said he was off hunting blind
tiger liquor the day the boy left
home and came to Dothan. She
said that their home was slipping
from under them; that it was un-
der a mortgage and they wouldn't
be able to pay off the mortgage,
the way things were going at
home.

The man had been a good cus-
tomer of the merchant for years;
he had always paid his accounts,
but he is throwing away his sub-
stance.

"So what shall I do about it?"
asked the woman.

"Godalmighty knows! I can't
tell you," was the man's reply.

It really doesn't matter what
the census gives Dothan; it will
hardly be less than double the
population of 1900, and that's
more than any other Alabama
town can boast of, unless it is
some small place just incorporat-
ed ten years ago.

It was doubted that any people
were at work on the government
building, but by watching and
listening for some time, it was
discovered then a man or two
were at work there.

The people are bringing their
cotton to this town as they haven't
in some time before. It brings
the full market price here, and
some times just a little more.

When these rains do come it is
likely that we will have a little
cold weather, a thing we have
been shy on for some months.

Roosevelt was saying that term,
"beat 'em to a frazzle," for this
New York delegation.

During the latter part of the summer we had some sick farmers in this county. It rained too much and cotton couldn't be cultivated, and the grass took it, and some of it was thrown away, or turned out. During all that rain, though, sweet potatoes were doing well. It was good weather on them, and they are now appearing on the streets in great quantities, and they are the largest that have been brought to this town in years. Sweet potatoes is one of the crops that will help to perish the boll weevil to death, when it gets here, about a year or two from now. We felt that it would be ruined if the boll weevil came this next year, but let it come, and plant according to the Alabama farmers can make a living growing too many sweet potatoes. Let a weevil ruin it.

The crewless warship is the latest thing the navy folks have figured out. They propose to construct a warship that will travel around over a territory of eighteen miles, man the guns, pilot the craft, without human hands. We know how necessary it is to operate a warship without men, for the record is, most people killed on them, or by them, is by accident, and the men are afraid to stay on the warships—they are dangerous, so many things exploding and reducing their numbers.

Well, Birmingham probably has grown about as fast as Dothan, but you must remember that Dothan hasn't annexed Ashford, Cottonwood, Cowarts, Taylor, Brannen's Stand and Headland. If we get the habit of swallowing up our neighbors within ten miles we might go beyond Birmingham's increase.

The boll weevil is headed this way, and this ought to be the last year our farmers go in for cotton too heavy, although it is bringing a good price. We can raise corn, potatoes, sugar cane, cotton, and everything that any other section can, unless it is wheat, and we can raise all of that we need.

The Dothan man of Omaha, accused that he shot a man, and that he killed him, and that the man did not die, was a shiftless brother.

No vacant store houses, no vacant dwelling houses, and you have to get well out of the business district to find any vacant lots, and but few within the class in residence district.

There is a lot of young cotton in this part of the county that is needing rain, but the older cotton is getting along alright, and is all about opened.

If nothing else, a rain would help to wash the dust off the houses and trees.

FRANKLIN NOTES

The Franklin Literary Society met Monday morning for the first time this year and carried out a very interesting program.

The weekly debate: Resolved, That fire is more destructive than water, was won by the affirmative, and Percy Newton was chosen as the best speaker.

Besides the regular program, Miss Janie Farmer and Mr. Tom Blackshear each entertained us with a recitation. We were also honored by a visit of one of our former members, Miss Charley Crawford.

Saxon-Heard-Williams

CORRECT DRESS FOR WOMEN

S. O. Williams, Pres. J. B. Saxon, V. Pres. J. Heard Saxon Sec. & Treas.

Organization-Store Policy

The President, who is merchandise manager, has spent his entire working life in the dry goods business. His retail experience was gained in Troy, where he began business for himself as quite a youngster. Several years ago he went to Baltimore in the wholesals dry goods business as traveling salesman. He soon became a member and director of his firm, but quit the business so he could be at home with his family. His direct contact with the dry goods firms of Alabama, and Georgia, gave him intimate knowledge of the best ones in each State. He knew that Dothan was in the very heart of the best section of our Country. He knew the house of Saxon and Heard was built on a rock, that it was a success, that its life reputation was made, that its personal was the very embodiment of integrity, good breeding and keen business perception. When the opportunity presented itself to become a partner in this successful house of character, he wasn't long in deciding. After three months have elapsed, he feels he has chosen well. The President is ably assisted in all his functions by the Vice President, Mr. John Saxon, then whom no abler man can be found. His sturdy character and able business methods assert themselves in all dealings of the establishment. Where is there there a man, woman, or child, who would not entrust John Saxon with their affairs? The office is in charge of the Sec-Treasurer, Mr. Heard Saxon, who is known for his sterling worth by all his acquaintances. He has the training and experience that comes to few young men of his age. We commend him to you as being worthy your best confidence.

Capt. Bogardus again Hits the Bull's Eye

This world-famous rifle shot who holds the championship record of 100 pigeons in 100 consecutive shots is living at Lincoln, Ill. Recently interview, he said: "I suffered a long time with kidney and bladder trouble and used several well known kidney medicines, all of which gave me no relief until I started taking Foley Kidney Pills. Before I used Foley Kidney Pills I had severe backaches and pains in my kidneys with suppression and a cloudy voiding. On arising in the mornings I would get a dull headache. Now I have taken three bottles of Foley Kidney Pills and feel 100 per cent better. I am never bothered with my kidneys or bladder and again feel like my own self." For sale by N. H. McCallum.
